EXPERIENCE

•Software Engineer *Feb 2021 - Current*

V2 Technologies Hybrid

- Experienced with modern front-end libraries and frameworks such as ReactJS, VueJS, and skilled in integrating RESTful APIs for dynamic data rendering.
- Helped to build a CRM solution for BATB and Unilever and now working on a SAAS product.
- Implemented performance optimizations to enhance website speed and user interaction. Utilized techniques like lazy loading, and asynchronous loading to improve page load times.
- Worked with Plotly to render charts and reports dynamically based on the response data.
- Proficient in using Git for version control, collaborating with team members, and managing code base changes. Successfully contributed to Git workflows, code reviews, and branching strategies for efficient team collaboration.
- Leading a dynamic front-end development team on critical projects, overseeing all aspects of the front-end development life cycle, from initial design discussions to deployment.
- Simplified data fetching by utilizing React Query.
- Participated in backend development.

EDUCATION

•Daffodil International University *2017-21*

B.Sc in Software Engineering

PROJECTS

•DebitCredit *https://debitcredit.devfik.com*

A website to manage personal income, expense, owed or debt.

- Analyzed the requirements and the user needs to form a good and usable application.
- Designed and developed the front end of the application.
- Technology Used: ReactJS, MUI, ContextAPI

•RadMe

A react based web application which allow users to access DICOM viewer, allowing users to study images and diagnose medical cases.

- Used a Dicom Viewer to load .dcm files and interact with the files.
- Technology Used: Reactjs, Ant Design

•Covid-19 Tracker

Daily and weekly updated statistics tracking the number of COVID-19 cases, recovered, and deaths.

- Tracking world-wide cases using google maps and live API stats and datasets.
- Technology Used : JavaScript , CSS, HTML, API.

TECHNICAL SKILLS AND INTERESTS

Languages: Javascript, Typescript, HTML+CSS
Libraries / Framework :ReactJs, VueJS, MUI, NPM, ContextAPI, Redux Toolkit, React Query, NextJS, TailwindCSS, Shadcn UI
Web Dev Tools: Nodejs, VScode, Git, Github
Areas of Interest: Web3, Devops
Soft Skills: Self-learning, Adaptability, Team member
